KITS AND ACCESSORIES FOR MODEL RAILWAYS H0 · TT · N

## NEW ITEMS 2026

WWW.AUHAGEN.DE

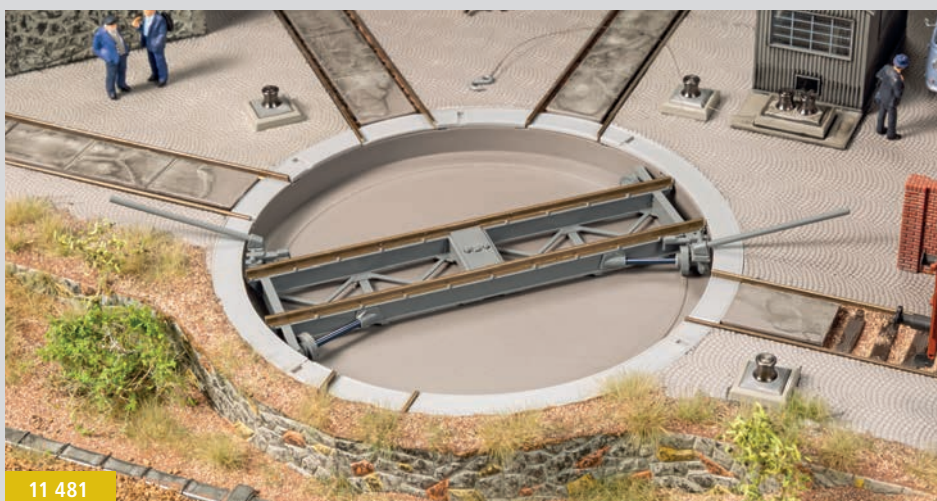

11 480

This compact turntable adds realistic operation to industrial track sections. It is designed for wagons and smaller locomotives and suits a variety of shunting tasks. Bridge length is 95 mm, overall diameter 111 mm.

H0

### 11 480 Turntable H0 for 3-rail system

A 90-degree exit angle creates clear, well-structured track arrangements. Four adapter track sections for direct connection to Märklin C-track as well as a drive motor and connection unit are included. Available from Q3/2026

11 481

H0

### 11 481 Turntable H0 for 2-rail system

Exit angles of 90 and 45 degrees allow flexible track planning. Suitable for track systems with a 2.07 mm rail profile height (e.g. Tillig). Drive motor and connection unit are included. Available from Q3/2026

### 11 487 Manual turntable H0

H0

This manual turntable is a robust choice for modellers who prefer a purely mechanical solution. The kit is designed for wagons and features no power transmission and no electrical functions.

Ideal for industrial and commercial scenes with straightforward shunting operations. Bridge length 95 mm, overall diameter 111 mm. Exit angles 90/45 degrees.

Suitable for track systems with a 2.07 mm rail profile height (e.g. Tillig).

Available from Q1/2026

11 487

41 697

### 41 697 Turntable extension set H0 for 3-rail system

H0

This extension set makes the H0 turntable item 11 480 even more versatile. The kit includes two adapter track sections for Märklin C-track and expands the turntable by two additional 45-degree track exits.

Available from Q3/2026

### 11 486 Hüttengrund halt

H0

This small halt adds rural character and a touch of improvisation to the line. The kit consists of two corrugated iron huts and a small shed. A base plate and platform edging allow individual design of the stop area. A generous set of detailing parts is included to create a convincing scene quickly.

Available from Q3/2026

300 x 104 x 45 mm

11 486

11 482

### 11 482 Schmidt Street 28

H0

This town house continues the popular town house series in a consistent style. With house number 28, it fits perfectly into closed street scenes. The kit can be built either as a toy shop or as a dance hall. An optional passageway to the rear courtyard can be added. For atmospheric accents, the model can be extended with No. 58 111 LED sign "Toy shop" or No. 58 112 LED sign "Love".  
Available from Q3/2026

58 111

58 112

### 58 111 LED sign Toy shop

H0

### 58 112 LED sign Love

LED lighting sets are supplied as a kit for experienced modellers. Soldering skills and basic knowledge of electronic components are required.  
Available from Q3/2026

### 11 484 Garages with accessories

H0

This row of garages adds a familiar everyday scene to residential areas and layout edges. The kit includes six garages that can be arranged as a straight row or slightly offset. Multi-coloured doors add visual variety. A generous set of accessories is included for lively detailing, such as a pergola, fire bowl and chairs for a small seating area.  
Available from Q3/2026

297 x 74 x 33 mm

11 484

### 11 485 Bus stops

H0

The kit builds two bus platforms and can also be used as a taxi rank. A modern glass roof provides shelter. Wastebins, benches and signs are included for detailing.

### 41 692 Forklift truck DFG 1002

H0

The mast can be tilted in two different lengths and fitted with different fork heights. Included pallets allow realistic loading scenes. With prototypical tyres, fine printing and delicately reproduced controls.

2 forklifts 32 × 12 × 25 mm

2 transport crates each 14 × 9 × 6 mm

Available from Q1/2026

41 692

### 41 693 Boats

H0

Small kit for waterside scenes that instantly adds atmosphere. Four boats are included, two of them already printed. Ideal for shorelines, small harbours or bathing spots.

4 boats, Length 50 mm each

Available from Q1/2026

41 693

### 41 694 Construction site set

H0

A very extensive kit that makes a construction site look convincing right away. Whether in town or countryside, the scene fits in many places. Includes, among other items, 2 portable toilets, piles of bulk material, traffic cones, pallets with bricks, warning beacons, as well as a mixing drum, silo, roller, shovels, spades and tools.

Available from Q2/2026

41 694

### 41 695 Recycling containers with accessories

H0

A small kit that quickly creates a familiar everyday corner on the layout. Includes a privacy fence, 2 paper containers and 3 bottle containers. Paper bundles and bottles in various colours are also included.

Available from Q2/2026

41 695

12 355

### 12 355 Photo studio "Peggy"

H0/TT

A typical residential building with shops on the ground floor, instantly fitting for town centres.

Available from Q3/2026

92 x 88 x 99 mm

### 12 356 Kebab shop and barbershop

H0/TT

A commercial building with apartments, just like those seen in many streets today. The kit fits perfectly into a contemporary city scene. Matching 3D-printed barber chairs are included for interior detailing, so there is something to discover behind the windows as well.

Available from Q3/2026

180 x 95 x 88 mm
